

To: EGMSA Parents and Guests

No Smoking Policy

EGMSA has for a long time had a policy that no smoking is allowed on the field or on/near the teams' respective benches.

It has come to our attention that we may need to extend our No Smoking policy due to the evidence of 2nd hand smoke; to not only our kids but to others observing the game.

As an Executive, I am aware that the number one "Medical Problems" listed on the Registration Form is related to Asthma. As a Coach, I am aware that as the summer "heats-up" so will the occurrence of kids having to miss games due to their asthma.

We would then like to ask that Parent and Guests who wish to smoke to remove themselves from the Park's regular viewing area(s). If additional consideration can be made we'd like to ensure you are not smoking "up wind" from those still viewing the game. We feel we are fortunate that our diamonds still allow unique viewing perspectives from other areas not so near the diamond.

We would like to thank you, in advance, for your cooperation regarding this topic.

Randy Foster
President
EGMSA
